University of Illinois

Thirteenth Annual Honors Day Program

GEORGE HUFF GYMNASIUM

10 A. M., APRIL 30, 1937

M

IL 6022
V. 13-28

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

(a) Students in the upper ten per cent of each class within the respective Colleges are entitled to have their names printed on the convocation program as having attained *Class Honors*.

(b) Students in the upper three per cent of the sophomore, junior, and senior classes within the respective Colleges receive special mention in the program under *College Honors*.

(c) Seniors who have ranked in the upper three per cent of their University class in both their junior and their senior years, or who have made a comparable scholastic average for seven semesters, are awarded *University Honors* and have their names inscribed on a bronze tablet.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design—with a star implanted upon the "I".

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

Studies serve for delight, for ornament, and for ability. . . . Reading maketh a full man; conference a ready man; and writing an exact man. . . . Histories make men wise; poets witty; the mathematics subtile; natural philosophy deep; moral grave; logic and rhetoric able to contend.—FRANCIS BACON.

CLASS HONORS

Students who have given evidence of high scholarship by being in the upper ten per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. The following organizations have met this requirement:

National Social Fraternities

BETA THETA PI
ALPHA KAPPA LAMBDA
ALPHA CHI SIGMA

National Social Sororities

ALPHA CHI OMEGA

University of Illinois

Fourteenth Annual Honors Day Program

UNIVERSITY AUDITORIUM

10 A. M., APRIL 29, 1938

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;

College Honors; and

University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

CONVOCATION PROGRAM

Assembly

University Auditorium

ARTHUR CUTTS WILLARD, President of the University, *Presiding*

Invocation

The Reverend Mr. PAUL E. ALDEN
University Baptist Church

Allegro con brio, from Trio, Opus 8. *Brahms*

ARTHUR COHEN, violin

Recognition of Honors Students

THOMAS ELIOT BENNER
Dean of the College of Education

Walther's Prize Song, from Die Meistersinger. *Wagner*
UNIVERSITY TRIO

Honors Day Address: "*Honoris Causa*"

HARRY STUART VEDDER JONES
Professor of English

Benediction

The Reverend Mr. ALDEN

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design—with a star implanted upon the "I".

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

two ears, that we may hear from others
twice as much as we speak."

—EPICTETUS: *Fragments*

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. The following organizations have met this requirement:

National Social Fraternities

ALPHA KAPPA LAMBDA
BETA THETA PI
FARMHOUSE
TRIANGLE

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1), their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2), their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's office. Grades in required military and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Classification is based upon the number of hours earned up to September 1 of a given year.

2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day Program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;
College Honors; and
University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

Education means something more than interpreting past experiences. It means also the creation of minds capable of experiencing deeper emotions and responding to finer incentives.—CROTHERS

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

UNIVERSITY HONORS

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

| JANE ESTELLE BROWN '42 | *FRANK WALLACE SMITH '41 |

Hundreds of people can talk for one who can think, and thousands can think for one who can see. To see clearly is poetry, prophecy, and religion all in one.—RUSKIN

CLASS HONORS

Students who have given evidence of high scholarship by being in the upper ten per cent of their class in the respective colleges.

CLASS OF 1941

- | | |
|--|---|
| <p>ELWOOD BISHOP ACKER, JNL.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's office. Grades in required military and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

University of Illinois

Eighteenth Annual Honors Day

THE LIBRARY OF THE
MAY 1 1942
UNIVERSITY OF ILLINOIS

UNIVERSITY AUDITORIUM
FRIDAY, MAY 1, 1942
10:15 A. M.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;

College Honors; and

University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

Tzu-Chang studied with an eye to pay. The Master said, "Listen much, keep silent when in doubt, and always take heed of the tongue; thou wilt make few mistakes. See much, beware of pitfalls, and always give heed to thy walk; thou wilt have little to rue. If thy words are seldom wrong, thy deeds leave little to rue, pay will follow."—CONFUCIUS.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

COLLEGE OF LIBERAL ARTS AND SCIENCES

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

LIVIA BALL MEMORIAL PRESBYTERIAN
HOUSE

McKINLEY HALL

Scholars are men of Peace, they bear no Arms, but their tongues are sharper than Actius his razor; their Pens carry farther, and give a louder report than Thunder: I had rather stand the shock of a Basilisco, (a kind of cannon) than the fury of a merciless Pen.

—THOMAS BROWNE

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

And if thou seest a man of understanding get thee
betimes unto him, and let thy foot wear the steps of his
door.—Eccles. 6:36

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

The greater number of comparisons we make the more general and the more certain our knowledge is like to prove, as built upon a more extensive and perfect induction.—EDMUND BURKE

University of Illinois

Nineteenth Annual Honors Day

UNIVERSITY AUDITORIUM
SATURDAY, MAY 1, 1943
10:15 A. M.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;
College Honors; and
University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

THE STAR-SPANGLED BANNER

Oh say! can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

O thus be it ever, when free men shall stand
Between their loved homes and the war's desolation!
Blest with vict'ry and peace, may the heav'n rescued land
Praise the Power that hath made and preserved us a nation!
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust!"
And the Star-Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design—with a star implanted upon the "I".

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

Books are the quietest and the most constant of friends ;
they are the most accessible and wisest of counsellors,
and the most patient of teachers.—CHARLES W. ELIOT

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during:* (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

*2. Students entering the University as freshmen in the second semester of the University year are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in course or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

*During the accelerated program, honors are computed on the first semester of attendance for Freshmen, and the first two semesters of attendance after the Honors Day Convocation for all other students.

University of Illinois

Twentieth Annual Honors Day

UNIVERSITY AUDITORIUM
FRIDAY, MAY 5, 1944
10:15 A. M.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

*Class Honors;
College Honors; and
University Honors.*

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

UNIVERSITY OF ILLINOIS

THE STAR-SPANGLED BANNER

Oh say! can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

O thus be it ever, when free men shall stand
Between their loved homes and the war's desolation!
Blest with vict'ry and peace, may the heav'n rescued land
Praise the Power that hath made and preserved us a nation!
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust!"
And the Star-Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program.

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. Due to war conditions it has been impracticable to compute Fraternity averages. The following organizations have met the requirement:

"This, then, is a proof of a well trained mind, to delight in what is good, and to be annoyed at the opposite." — CICERO

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

*2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

†4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in course or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasional demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

*During the accelerated program, honors are computed on the first semester of attendance for Freshmen, and the first two semesters of attendance after the Honors Day Convocation for all other students.

†Due to our accelerated war program of three semesters a year it is possible for the names of some participating students to appear twice in the annual Honors Day List.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

*Class Honors;
College Honors; and
University Honors.*

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

THE STAR-SPANGLED BANNER

Oh say! can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

O thus be it ever, when free men shall stand
Between their loved homes and the war's desolation!
Blest with vict'ry and peace, may the heav'n rescued land
Praise the Power that hath made and preserved us a nation!
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust!"
And the Star-Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

*Special Scholastic Recognition to students in the armed services programs is based on a record of 4.5 or better for two semesters.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

CLARA E. ALLEN
LEONA AMACHER
BARBARA ANDERSON
MARGARET ANDERSON
ANNE ARMSTRONG
RITA ARNOLD
JO ANN ATOR
DORIS BAILEY
MALVINA BARTOSIEWICZ
JO ANN BAYSINGER

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. Due to war conditions it has been impracticable to compute Fraternity averages. The following organizations have met the requirement:

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

*2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

†4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee or Honors Day, without specific reference to the University Senate.

*During the accelerated program, honors are computed on the first semester of attendance for Freshmen, and the first two semesters of attendance after the Honors Day Convocation for all other students.

†Due to our accelerated war program of three semesters a year it is possible for the names of some participating students to appear twice in the annual Honors Day list.

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;
College Honors; and
University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the "I".

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. Averages for Fraternities and Men's organized houses have not been able to be computed. The following organizations have met the requirement:

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in both junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

*2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

†4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

*During the accelerated program, honors are computed on the first semester of attendance for Freshmen, and the first two semesters of attendance after the Honors Day Convocation for all other students.

†Due to our accelerated program of three semesters a year it is possible for the names of some participating students to appear twice in the annual Honors Day list.

Twenty-third Annual Honors Day

UNIVERSITY AUDITORIUM

FRIDAY, MAY 2, 1947

10:15 A. M.

THE LIBRARY OF THE

MAY 12 1947

UNIVERSITY OF ILLINOIS

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

*Class Honors;
College Honors; and
University Honors.*

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

The audience is requested to remain seated until
the academic procession has left the auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the "I".

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. Averages for Fraternities and Men's organized houses have not been able to be computed. The following organizations have met the requirement:

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the respective Schools or Colleges are awarded *Class Honors* and are entitled to have their names printed on the Convocation program in recognition of their *high scholarship*, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the respective Schools and Colleges are awarded *College Honors* in recognition of their *superior scholarship* and are entitled to wear the scholarship emblem.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the respective Schools and Colleges in the four semesters preceding Honors Day, and, therefore, have been awarded *College Honors* in *both* junior and senior years, are awarded *University Honors* in recognition of their *sustained excellence in scholarship*, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other senior students who have earned *College Honors* twice, and whose scholastic averages for the first seven semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for *University Honors* from their college under (a); and that (2) their averages in transferred credits for the year prior to their transfer are at least equal to the average of those chosen for *University Honors* under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Registrar's Office. Grades in required military drill and physical education are not included. Grades considered are those earned during: (a) the second semester of the past year and the first semester of the current year; or (b) the first semester of the current year and the last semester of previous attendance, providing honors have not been given already for that semester; or (c) the first semester of the current year and the last two summer sessions attended where there has been no intervening registration in a regular semester. Grades considered for students in the General Curriculum shall be those on file in the Registrar's Office for the preceding year and the tentative grades on file in the office of the General Division for the first semester of the current year. Transfer grades to be considered must be on the records of the Registrar of the University of Illinois at the beginning of the semester in which the Honors Day Convocation is held. Classification is based upon the number of hours earned up to September 1 of a given year.

*2. Students entering the University as freshmen in the second semester of the University year, are classified as Freshmen, and *only* the work of the first semester of the current year is considered.

3. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

†4. Students will be classified as to colleges for the Honors Day program according to their registration during the last semester which is considered in averaging their grades.

5. Students in residence the first semester of a given year are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence the second semester.

6. Only those students are considered who have earned in courses or by proficiency examinations at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education).

7. Unclassified students are not considered.

8. Special examinations are averaged as of grade "C."

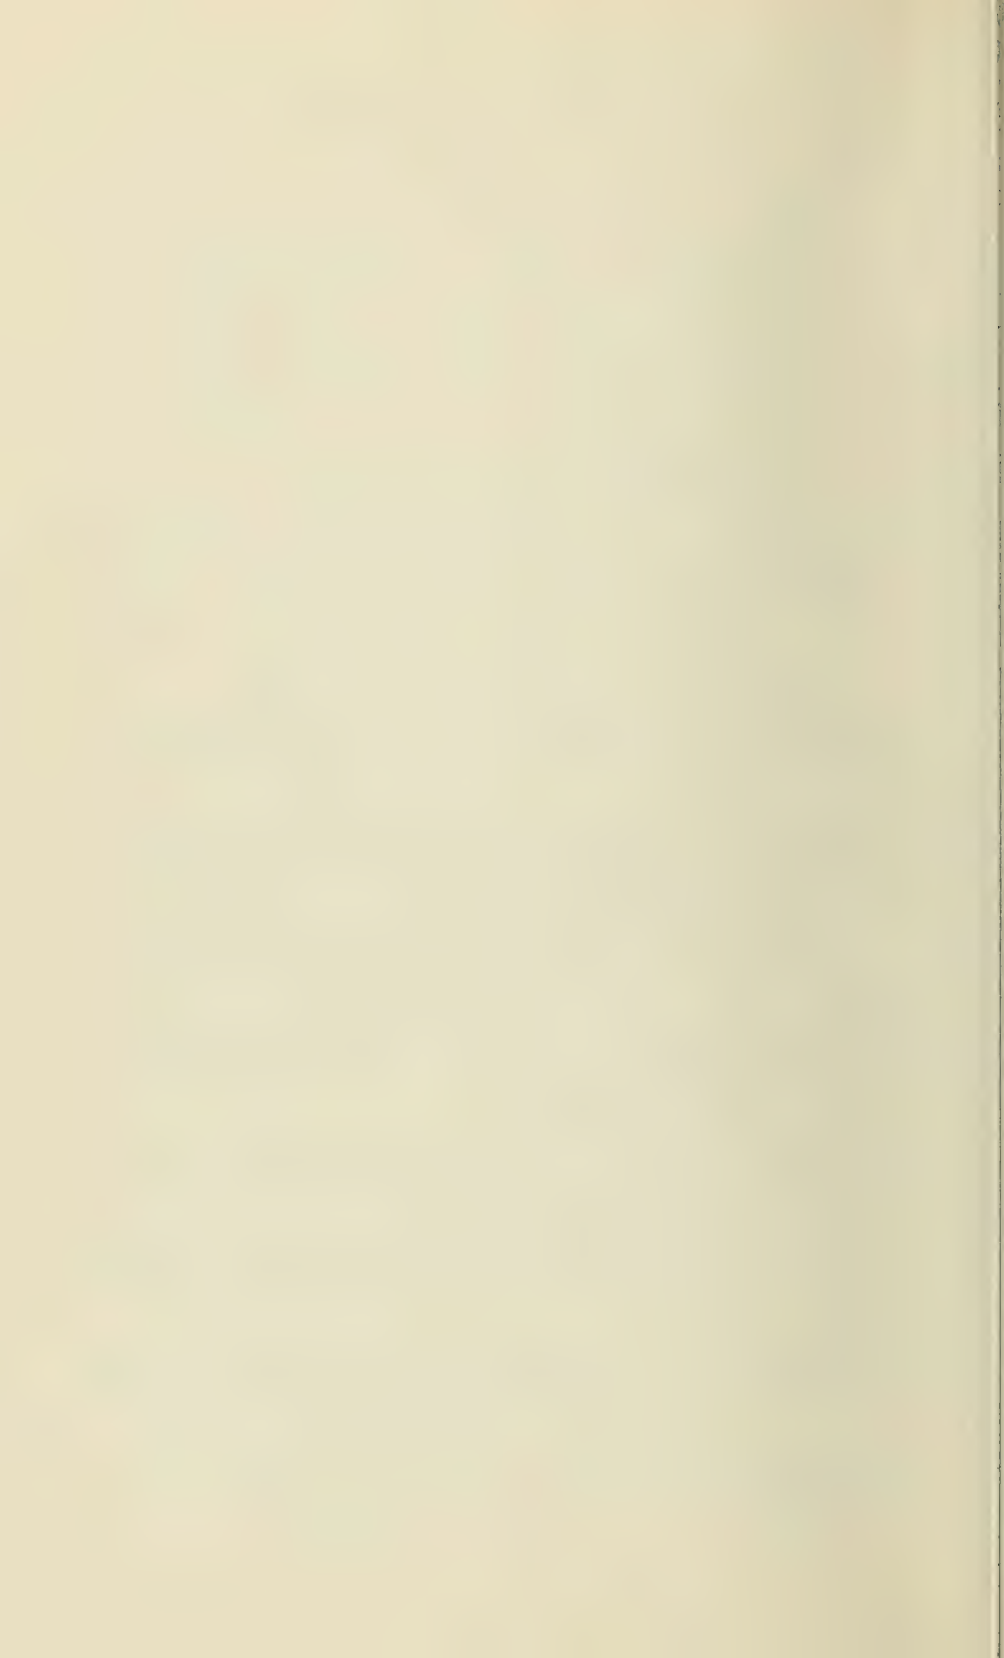

9. First semester grades in thesis courses are disregarded in computing the status of students for Honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

*During the accelerated program, honors are computed on the first semester of attendance for Freshmen, and the first two semesters of attendance after the Honors Day Convocation for all other students.

†Due to our accelerated program of three semesters a year it is possible for the names of some participating students to appear twice in the annual Honors Day list.

UNIVERSITY OF ILLINOIS
TWENTY-FOURTH
ANNUAL HONORS DAY

UNIVERSITY AUDITORIUM

Friday Morning, April 30, 1948

10:15 O'CLOCK

THE LIBRARY OF THE

MAY 5 1948

UNIVERSITY OF ILLINOIS

HONORS DAY

Honors Day is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors;
College Honors; and
University Honors.

The general Senate Rules for Recognition of Honors Students, and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

The audience is requested to remain seated until
the academic procession has left the auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in *College Honors* two times.

(2) To seniors who attain *University Honors*. Students in this group are entitled to wear a key of special design — with a star implanted upon the “T”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain *College Honors* as *seniors*.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, Juniors, and Sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges and schools.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

ROSEMARY ANN ARCHIBALD
BETTY CHARLENE ABRAHAM
MARILYN LOUISE BRIGGS
JOAN CHARLOTTE BERGQUIST
DORATHEA BRASH
BARBARA JEAN BUNN
MARY LOUISE CAMPBELL
ELINOR NAOMI CASE
NANCY LEE COHEN
BERNICE DANOVITZ
ELIZABETH LOUISE DEAN
PHYLLIS JEAN DERRER
NANCY ANN DOSS
SHIRLEY MAY ELLEDGE
HELEN LOUISE ENGLAND
EMILY JEANE FISHER
PATRICIA ANN FORBES
SALLY JANE FROST
GILDA MAE GLUSKOTER
ELAINE R. GREENBERG
JOAN MOYER HICKOX
MARY EMILY HAUBER

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists.

The following organization has met this requirement since its installation in 1947 and merits the distinction of having its undergraduate elections for 1947 and 1948 printed in the Honors Day program:

PHI ETA SIGMA

1947 Initiates

WALTER EUGENE BILLERMAN
JOHN PAUL BREMER
DONALD IRA CUTLER
NORMAN EARL GOWIN
JACK HENRY GRAHAM
VITO THOMAS GRISETO
DONALD FRED GROBE
THORSTON HAROLD HOLM
LAWRENCE HOWARD
CHARLES JANKA, JR.
VIRGIL FRANCIS KANNALL
CHARLES HANNON MCKIE
JOHN LOUIS MIZE

LEROY FRANK MUMFORD
RICHARD HAZEN MYERS
ROBERT EUGENE NEWMAN
FREDERICK ALEXANDER ORDEMANN, JR.
ROBERT DEAN REYNOLDS
WARREN LEE ROYER
JOE JEAN SMITH
ROBERT WIRTH STEPHENSON
WARREN THEODORE VANNICE
EDWARD CHARLES WAGENECHT
CARLTON EDWARD WALKER
ARNOLD ROBERT WEBER
RICHARD HUGH WILLIAMS

1948 Initiates

TRUMAN OLIVER ANDERSON
WILLIAM HURST ARTHUR
JACK LESLIE BAKER
ROBERT FRANK BARTIK
ALEXANDER BELA BASSO
RALPH NORBERT BINGMAN
THADDEUS FRANCIS BOBLAK
RALPH OWEN BRIEN
WALTER ARNOLD CLEVEN
ROBERT CLAYTON COBERLEY
DANIEL MALCOLM DICKERSON
JOHN LESLIE FAIRFIELD
WALLACE SEYMOUR FELDMAN
DALE LEE FIELD CAMP
HOMER LUTHER FLEISHER, JR.
ROBERT GLENN FLETCHER

GENERAL SENATE RULES FOR RECOGNITION OF HONOR STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several Schools and Colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several Schools and Colleges are awarded College Honors in recognition of their superior scholarship.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several Schools and Colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a); and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

1. Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required military and physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the College in which the student is registered. Grades considered for students in the General Curriculum shall be those on file in the Office of Admissions and Records for the preceding year and the tentative grades on file in the office of the Division of General Studies for the first semester of the current year. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

2. Students who transfer more than 20 hours are not eligible for Class Honors as Freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

3. Students will be classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

4. Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

5. Students who graduate in less than eight semesters will not be considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

6. Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding Freshman and Sophomore military and physical education and Rhetoric 0 and Mathematics R).

7. Unclassified students are not considered.

8. Special examinations are disregarded in computing the status of students for honors.

9. First semester grades in thesis courses are disregarded in computing the status of students for honors.

10. No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior or Senior.

11. Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

UNIVERSITY OF ILLINOIS
TWENTY-FIFTH
ANNUAL HONORS DAY

UNIVERSITY AUDITORIUM
Friday Morning, April 29, 1949

10:15 O'CLOCK

THE LIBRARY OF THE

APR 25 1949

UNIVERSITY OF ILLINOIS

HONORS DAY

HONORS DAY is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors

College Honors

University Honors

The general Senate Rules for Recognition of Honor Students and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

CONVOCATION PROGRAM

"Towards an Adjustable Society"

STEPHEN C. PEPPER
Visiting Professor of Philosophy

Benediction

The Reverend WILLIAM J. JARMAN

Recessional

Alleluia *Bossi*

Professor MILES

The audience is requested to remain seated until
the academic procession has left the Auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, juniors, and sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several Schools and Colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several Schools and Colleges are awarded College Honors in recognition of their superior scholarship.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several Schools and Colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a); and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required military and physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the College in which the student is registered. Grades considered for students in the General Curriculum shall be those on file in the Office of Admissions and Records for the preceding year and the tentative grades on file in the Office of the Division of General Studies for the first semester of the current year. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students will be classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters will not be considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding freshman and sophomore military and physical education and Rhetoric 100).

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) First semester grades in thesis courses are disregarded in computing the status of students for honors.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

UNIVERSITY OF ILLINOIS

Twenty - Sixth Annual Honors Day

UNIVERSITY AUDITORIUM

Friday Morning, May 5, 1950

10:15 O'CLOCK

THE LIBRARY OF THE

MAY 5 1950

HONORS DAY

HONORS DAY is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors

College Honors

University Honors

The general Senate Rules for Recognition of Honor Students and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

CONVOCATION PROGRAM

COLEMAN R. GRIFFITH, Provost of the
University, *Presiding*

ORGAN PRELUDE

Festal March.....*Guilmant*

RUSSELL HANCOCK MILES
Professor of Music

SINGING OF "AMERICA".....led by JOSEPH K. ALBERTSON

INVOCATION

Assistant Professor of Music

HONORS DAY ADDRESS

"The Spark of Talent"
CHARLES C. COLBY
Visiting Graduate Professor of Geography

BENEDICTION

The Reverend ARNOLD F. WESTWOOD

RECESSIONAL

Introduction and Allegro.....*Boellmann*

Professor MILES

The audience is requested to remain seated until
the academic procession has left the Auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, juniors, and sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

ELEANOR DORIS ALLEN
JOSEPHINE HELEN APP
MIRIAM KAY ARENTSEN
WANDA ISABELLE BASH
ANNE BECKMAN
HELEN JANE BRUBAKER
BARBARA ANN BURNETT
BETTY ANN CARSON
MARILYN LOU CHAMBERS

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. The following organizations have met the requirement:

SORORITIES

CHI OMEGA

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for 1949 and 1950 printed in the Honors Day program:

ALPHA LAMBDA DELTA

1949 Initiates

FRANCINE JANE CASSELLS
LOUISE AMELIA GOOLD

ERNINE MARIAN KRATSCH

1950 Initiates

NELDA SUZANNE BROWN
VALERIE ROSE COHAN
RITA REVA COHEN
MARILYN DOLORES CORCORAN
BARBARA JEAN CROSS
GLORIA MARILYN CZERNIAK
SALLY G. FOX
ELIZABETH CHRISTA GOHRBANDT

HARRIET MARCELLA HAWKES
EUGENIA PACWA JAEGER
JANE SOPHIA NOWAK
MARGARET ALICE RIGDON
JOYCE ANNA SCHILD
ELINOR MAE SCHWARZ
SYLVIA RUTH TROJAR
GERI LAURA WOLF

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several Schools and Colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several Schools and Colleges are awarded College Honors in recognition of their superior scholarship, provided that no student shall be included whose average is below 4.50.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several Schools and Colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a); and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required military and physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the College in which the student is registered. Grades considered for students in the General Curriculum shall be those on file in the Office of Admissions and Records for the preceding year and the tentative grades on file in the Office of the Division of General Studies for the first semester of the current year. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students will be classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters will not be considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding freshman and sophomore military and physical education and Rhetoric 100).

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) First semester grades in thesis courses are disregarded in computing the status of students for honors.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

HONORS DAY

HONORS DAY is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors

College Honors

University Honors

The general Senate Rules for Recognition of Honor Students and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

CONVOCATION PROGRAM

COLEMAN R. GRIFFITH, Provost of the University, *Presiding*

ORGAN PRELUDE

Prelude: Processional March.....*Boellmann*
RUSSELL HANCOCK MILES, Professor of Music

SINGING OF "AMERICA"led by JOSEPH K. ALBERTSON

INVOCATION

The Reverend HERBERT L. MILLER, Pastor of the
Emanuel Memorial Episcopal Church

RECOGNITION OF HONOR STUDENTS

ROBERT B. DOWNS, Director of the Library and of
the Library School

MUSICAL INTERLUDE

Passacaille.....*Barthe*
Suite, op. 57.....*Lefebvre*
 Canon
 Finale
Scherzo.....*Stainer*

HONORS DAY ADDRESS

"Philosophy and the Battle of Fears"
MATTHEW T. MCCLURE, Professor of Philosophy and
Head of the Department

BENEDICTION

The Reverend HERBERT L. MILLER

RECESSIONAL

Professor MILES
The audience is requested to remain seated until
the academic procession has left the Auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, juniors, and sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

FRANCES KAY ADAMS
LILLIAN BARFOD

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day program. The following organizations have met the requirement:

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for 1950 and 1951 printed in the Honors Day program:

ALPHA LAMBDA DELTA

1950 Initiates

SUZANNE BROWN
VALERIE ROSE COHAN
RITA REVA COHEN
MARILYN DOLORES CORCORAN
BARBARA JEAN CROSS
GLORIA MARILYN CZERNIAK
SALLY G. FOX

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several Schools and Colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several Schools and Colleges are awarded College Honors in recognition of their superior scholarship, provided that no student shall be included whose average is below 4.50.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several Schools and Colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a); and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required military and physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the College in which the student is registered. Grades considered for students in the General Curriculum shall be those on file in the Office of Admissions and Records for the preceding year and the tentative grades on file in the Office of the Division of General Studies for the first semester of the current year. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students will be classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters will not be considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding freshman and sophomore military and physical education and Rhetoric 100).

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) First semester grades in thesis courses are disregarded in computing the status of students for honors.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.

UNIVERSITY OF
ILLINOIS AT URBANA

28th annual HONORS DAY

Friday Afternoon, May 2, 1952, at 1:15

UNIVERSITY AUDITORIUM

THE LIBRARY OF THE
MAY 3 - 1952

UNIVERSITY OF ILLINOIS

HONORS DAY

HONORS DAY is annually observed as an occasion upon which the University of Illinois gives official public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear on this program have won recognition this year by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors

College Honors

University Honors

The general Senate Rules for Recognition of Honor Students and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA

My Country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From ev'ry mountain side,
Let freedom ring!
Our father's God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

CONVOCATION PROGRAM

COLEMAN R. GRIFFITH, Provost of the University, *Presiding*

ORGAN PRELUDE

Prelude: Processional March.....*Duncan*

RUSSELL HANCOCK MILES, Professor of Music

SINGING OF "AMERICA".....led by JOHN R. BRYDEN

Assistant Professor of Music

INVOCATION

Rabbi SAMUEL H. BERKOWITZ, Director of the
Hillel Foundation

RECOGNITION OF HONOR STUDENTS

FREDERICK T. WALL, Acting Dean of the Graduate College

VOCAL INTERLUDE

Hymn to Parnassus.....*Nathaniel Dett*

MIRIAM B. STEWART, Soprano
Assistant Professor of Music

HONORS DAY ADDRESS

"The Scholar in Society"

ALLAN G. BRODIE, Dean of the College of Dentistry
University of Illinois, Chicago

BENEDICTION

Rabbi SAMUEL H. BERKOWITZ

RECESSIONAL

Professor MILES

The audience is requested to remain seated until
the academic procession has left the Auditorium.

A PRIVILEGE FOR HONOR STUDENTS

The original Senate action on Honors Day provides that "a student whose name is among the upper ten per cent of his class in his junior year shall be permitted so to adjust the studies of his senior year as to allow him freedom to put a considerable proportion of his time on some selected subject of study or investigation, under the supervision of the department concerned; provided that such arrangement shall not cause omission of prescribed subjects in set curricula except by special permission of the dean of his college. In lieu of a final examination the department may require such reports or theses as it deems suitable. The amount of approved work which may be thus taken during the senior year shall not exceed the equivalent of a total of ten semester hours if taken within one department, or of sixteen semester hours if in two departments. A student availing himself of the opportunity which this plan offers shall not register for more than a total of eighteen hours either semester of his senior year."

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or in College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I”.

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

Those students whose names are marked with an asterisk (*) in the printed program are entitled to wear the Scholarship Key.

COLLEGE HONORS

Seniors, juniors, and sophomores who have demonstrated superior scholarship by being in the upper three per cent of their class in the respective colleges.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year win a place in the preceding lists. The following organizations have met this requirement this year and merit the distinction of having their undergraduate elections for the present year printed in the Honors Day program:

ALPHA LAMBDA DELTA

PEGGY SUE ANDERSON
RUTH MARILYN ANDREWS
LESLIE WINNEFRED ATOR
CLARIS DORINE BEESON
MIRIAM ALLEAN BEHRENS
MARIE BELCHER
LOREENE BELL
CHARLENE BIEDO
JERRI JANET CHAPIN
BEVERLY ANNE CHUBAT
MICHAELINE COSTABILE
DONNA ALYCE CORYDON
BARBARA ANN CROSS
JO ANN DAVIDSON

SOCIAL ORGANIZATIONS

Social Organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-university average for that period, are entitled to the privilege of being named in the Honors Day Program. The following organizations have met the requirement:

GENERAL SENATE RULES FOR RECOGNITION OF HONORS STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several Schools and Colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several Schools and Colleges are awarded College Honors in recognition of their superior scholarship, provided that no student shall be included whose average is below 4.50.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several Schools and Colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that: (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a); and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required military and physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the College in which the student is registered. Grades considered for students in the General Curriculum shall be those on file in the Office of Admissions and Records for the preceding year and the tentative grades on file in the Office of the Division of General Studies for the first semester of the current year. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students will be classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters will not be considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding freshman and sophomore military and physical education and Rhetoric 100).

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) First semester grades in thesis courses are disregarded in computing the status of students for honors.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.
